Treasurer's report- As of 1/31/21 we have \$2,394.29

This will be used to: join The League of American Cyclists - \$75.00

Buy liability insurance - \$305.00

Continue our P.O. Box \$118.00

Dues will remain at \$20.00 per individual and \$30.00 per family.

Those members who paid dues in 2020 will not need to pay again this year unless they feel strongly about building PEDAL's financial assets.

The President donates time and accepts responsibility, therefore he/she doesn't pay dues.

Garry also serves on the Loveland Parks and Recreation Commission. He is willing to post rides on our website: www.pedalclub.org

Ed will continue to screen new requests for our PEDAL group on Facebook. He will keep us informed about the 2021 Bike to Work Day. Ed also volunteered to assist our new president. Ed keeps PEDAL's information updated on Ride Magazine and would appreciate any club members who will send photos to him from 2021 rides for next year's issue.

PEDAL member, Bob Griesman, will contact City of Loveland on possible future dates for PEDAL to clean up a section of Highway 34 (west of Loveland).

Until we have more volunteer ride leaders, we will only post rides for Thursday and Saturday mornings. Please feel free to suggest additional times and days if you are willing to lead rides.
